Engineered Component
Solutions for the Solar Industry

PV MODULE CLIPS

Manage up to 4 cables directly on the PV module frame, frameless modules, or other similar materials.

	100 Pack	Bulk Pack
SunRunner Vidrio™ Clip (1 or 2 PV cables) for frameless modules	S6460	S6500 (2000 pcs)
SunRunner Clip (1 or 2 PV cables) for standard applications	S6405	S6445 (4000 pcs)
SunRunner 316 Clip (1 or 2 PV cables) 316 Stainless Steel for high salt air applications	S6490	S6495 (4000 pcs)
SunRunner EZ Clip (1 or 2 PV cables) designed for thicker panels	S6407	S6447 (3000 pcs)
RevRunner Clip (1 or 2 PV cables) for positioning cables within PV module frame	S6507	S6547 (4000 pcs)
SunRunner 4 Clip (Up to 4 PV cables or flat trunk cables) for standard applications	S6443	S6483 (2000 pcs)
SunRunner 90 Clip (90° single PV cable) 90° single cable	S6406	S6446 (4000 pcs)
SunRunner 90-2 (90° 2 PV cables) 90° two cable	S6436	S6476 (3000 pcs)
SunRunner 90-4 Clip (90° 4 PV cables or flat trunk cables) 90° four cable	S6439	S6479 (2000 pcs)
SunRunner 2-S Clip (Round trunk cable clip) for rail-less systems	S6448	S6488 (3000 pcs)

TOP RAIL CLIPS

Manage trunk cables and/or PV wires along popular racking extrusions. Available in stainless steel or UVX nylon material.

	100 Pack	Bulk Pack
SunRunner 2 Clip (Round trunk cable) K2 Systems/Everest, SnapNRack and similar rack profiles	S6404	S6444 (2000 pcs)
SunRunner 4-2 Clip (Enphase Q cable or SolarEdge cable) K2 Systems/Everest, SnapNRack and similar rack profiles	S6504	S6544 (2000 pcs)
SunRunner 2-U Clip (Round trunk cable) Unirac, Ironridge, & similar rack profiles	S6401	S6441 (2000 pcs)
SunRunner 4-2U Clip (Enphase Q cable or SolarEdge cable) Unirac, Ironridge, & similar rack profiles	S6505	S6545 (2000 pcs)
SunRunner 2-R Clip (Round trunk cable) S:Flex, Renusol, & similar rack profiles	S6402	S6442 (2000 pcs)
SunRunner 2-UVX Clip (Nylon round trunk cable) K2 Systems/Everest, SnapNRack and similar rack profiles	S6463	S6473 (2000 pcs)
SunRunner 2-U-UVX Clip (Nylon round trunk cable) Unirac, Ironridge, & similar rack profiles	S6461	S6471 (2000 pcs)
SunRunner 2-R-UVX Clip (Nylon round trunk cable) S:Flex, Renusol, & similarrack profiles	S6462	S6472 (2000 pcs)

BUNDLING SOLUTIONS & OTHER ACCESSORIES

SunBundler® (For managing larger bundles ranging from 2.30" to 9.87" in diameter)
Aircraft grade stainless steel wire with UV-protected vinyl jacket.
Ideal for use in extreme conditions.

100 Pack	Bulk Pack
S6408	S6409
S6410	S6411
S6412	S6413
S6414	S6415
S6420	S6421
S6424	S6425
S6426	S6427
S6428	S6429
	(1000 pcs per item)

Heyco® Nytye® Nylon 12 Cable Ties (Manages bundles ranging from .87" to 7.80" in diameter)
Weather/UV resistant and suitable for high moisture, corrosive, and low temperature indoor or outdoor applications. Various tensile strengths and lengths available

Heyco® Nytye® Nylon Cable Ties (Manages bundles ranging from .63" to 18.07" in diameter)
Easy-to-install way for managing cables. Light UV resistance—not recommended as the primary method for securing cables due to sensitivity to environmental conditions.

Helios UVX Clip (Installs into a .260" mounting hole and holds up to 2 cables between .230 - .315" each).

Heyco® Heavy Duty Lockit™ P Clamps (for routing & securing larger bundles or conduit/tubing)
Unique design allows for easy installation and release features enable serviceability and maintenance.

Heyco® Heavy Duty Nylon Lockit™ P Clamps (for routing & securing larger bundles or conduit/tubing)
Unique design allows for easy installation and release features enable serviceability and maintenance.

MaxRunner (Hold up to 12 cables with wire diameters ranging from .20" (5,2 mm) to .28" (7,2 mm).
Attaches to materials from .06" to .25" thick with clip mount version or for more versatility, the flush mount version attaches with screws (not included).

SunRunner CT & SunRunner CT-EZ (Works with SunBundlers, Stainless Steel Cable Ties, & UV Nylon Cable Ties)
Ideal for use where holes cannot be used or where adhesives are unacceptable.
CT version accommodates panels from .06" - .12". CT-EZ version accommodates panels from .12" - .25"

Stainless Steel Cable Ties (Bundles up to 11.81" in circumference)
Stainless steel cable ties have more strength and better durability than nylon cable ties. Coated ties offer additional protection on the wire/cable bundle.

SunScreener® Stainless Steel Wire Mesh Clips & SunScreen™ Wire Mesh (Used together, helps protect solar panels from damage caused by rodents and nesting birds)
Mesh size: 0.5" x 0.5" openings. Available in 4", 6", & 8" widths x 100' rolls.

Covered under
Heyco's 20 Year Solar Warranty

CORDGRIPS / SOLAR MASTHEADS

Heyco®-Tite Solar Masthead II Liquid Tight Cordgrrips (Eliminates the need for multiple entries into combiner boxes, junction boxes and other enclosures)
Unique, skinned-over technology remains liquid tight even if all holes are not being used.
Accommodates a variety of cable diameters/configurations.

Heyco®-Tite Liquid Tight Cordgrrips for Enphase Q Cables (Designed specifically for Enphase Q Cables)
Provides a liquid tight connection into junction boxes for either 2 Enphase cables and 1 ground or a single Enphase cable.

Heyco®-Tite Liquid Tight Cordgrrips (Provides a liquid tight connection for single cables or multiple cable configurations into micro-inverters, junction boxes, and other pieces of equipment)
Available in NPT, Metric, and PG.

To access Rep/Distributor lists for the following areas:

Americas

Canada
Mexico
South America
US (by state)

International

Africa
Asia
Europe
Middle East
Pacific/Oceania

...go to www.heyco.com and click on the Rep/Distributor box at the top of the home page to locate a representative near you.

...for these and many more component products for the solar industry!
