## Stay Connected with Heyco<sup>®</sup> for All of Your Stamping Needs

Heyco's modern and efficient high-speed Stamping Room has presses from 22 to 60 tons for **high speed production of blades, pins, terminals, female contacts, and other power components.**

These presses, along with our auxiliary equipment and highly trained technicians, can accommodate a large variety of custom stampings in ferrous and nonferrous materials in addition to our core lines of 110V and 220V electrical components.

**High speed application equipment** and tooling are available to speed the use of our products and **save you money**, while our **on-site tool shop** provides **fast turnaround** for tool maintenance, repair and modification.
