DFARS Certificate of Compliance

DFARS stands for Defense Federal Acquisition Regulation Supplement. When it is included as part of a purchase order it may also contain restriction on acquisition of specialty metals.

<https://www.acq.osd.mil/dpap/dars/dfars/html/current/252225.htm#252.225-7008>

It requires that the material used in the manufacture of products in the United States be melted in the United States or a qualifying country. At the present time this is only applicable to Heyco products manufactured with stainless steel.

This document certifies that all stainless-steel components of HEYCO PRODUCTS CORP. are compliant with this current US DoD, Defense Federal Acquisition Regulation except for our Heyco® Stainless Steel Cable Ties and Heyco® Nytyes® with Stainless Steel Locking Device.

All other stainless-steel products not manufactured by Heyco Products Corp. are procured from countries listed in the current DFARS, subpart 225.8 maintained on the US Department of Defense website at:

http://www.acq.osd.mil/dpap/dars/dfars/html/current/225_8.htm#225.872

We anticipate this response satisfies your concerns regarding our products and requirements for DFARS compliance information, if not, please contact us and we will do our best to provide additional information.

Thank you,

Patrick Sardoni
Quality Manager
Heyco Products Corp.
