**Uyghur Forced Labor Prevention Act**

On 23 December 2021, President Biden signed into law the Uyghur Forced Labor Prevention Act of 2021 (the “Uyghur Act”). The Uyghur Act, effective 21 June 2022, will strengthen the prohibition on U.S. imports of goods made through forced labor by focusing on goods mined, produced, or manufactured, in whole or in part, in the Xinjiang Uyghur Autonomous region in China (“Xinjiang”).

Heyco Products does not currently mine, manufacture or produce, in whole or part, any of its products in Xinjiang nor does it procure any raw material from or sub-contract / outsource any material to companies in Xinjiang.

Should you have any questions concerning the Uyghur Forced Labor Prevention Act and how it applies to Heyco Products, please contact us and we will do the best we can to provide additional information.
